**NOTES:** Refer to rider(s) for definition and exclusions.

**IN:** The terminal illness rider can be accelerated up to 65% and the qualified nursing and extended care rider can be accelerated up to 40%

**MD:** The qualified nursing rider can be accelerated up to 50%

**NJ:** The terminal illness rider can be accelerated up to 75% and the qualified nursing and extended care rider can be accelerated up to 50%

**OH:** A portion of the policy's death benefit can be accelerated in the event of the insured suffering a catastrophic illness. As defined in the policy, these valuable living benefits can be exercised if the insured is:

- Diagnosed with a terminal illness, or
- Diagnosed as chronically ill, and continuously confined to an "eligible institution." An "eligible institution" is defined in the rider as a skilled nursing facility, intermediate care facility or custodial care facility that is licensed as a care facility by the state in which it operates.

The terminal illness rider can be accelerated up to 75% and if diagnosed as chronically ill, the rider can be accelerated up to 50%.

**PA:** The terminal illness rider can be accelerated up to 65% and the qualified nursing and extended care rider can be accelerated up to 40%

**VA:** The terminal illness rider can be accelerated up to 75% and the qualified nursing and extended care rider can be accelerated up to 50%
